Attachment: 1-copy of fully executed Addendum No. 1

cc: Rebecca Neves, City Engineer

**ADDENDUM NO. 1**  
**TO THE AGREEMENT FOR ENGINEERING SERVICES WITH DRAKE HAGLAN AND**  
**ASSOCIATES FOR THE DESIGN OF THE CLAY STREET REALIGNMENT AND BRIDGE**  
**REPLACEMENT PROJECT (CIP 40617)**

---

---

**THIS ADDENDUM TO THE AGREEMENT** is made, effective October 11, 2016, and entered by and between the City of Placerville, a political subdivision of the State of California (hereinafter referred to as "City") and Drake Haglan and Associates, a company duly qualified to conduct business in the State of California, whose principal place of business is 11060 White Rock Road, Suite 200, Rancho Cordova, CA 95670 (hereinafter referred to as "Consultant");

**W I T N E S S E T H**

**WHEREAS**, the original agreement with the Consultant was approved by City Council at the December 8<sup>th</sup>, 2015 meeting; and

**WHEREAS**, the it was determined that the original subconsultant, Tremaine and Associated, did not possess the appropriate credentials as required by Caltrans to complete the cultural studies, therefore requiring the substitution of PAR Environmental Resources, Inc.; and

**WHEREAS**, the original scope of work did not include the potential of moving the Druid Monument and has since been reevaluated requiring additional cultural studies and documentation; and

**WHEREAS**, Caltrans has reviewed the updated cultural studies (HPSR/HRER/ASR) and is requiring updated consultation efforts with the Native American Heritage Commission, an updated Native American consultation and an additional field pedestrian survey in order to update the cultural studies; and

**WHEREAS**, the City has determined that these additional services provided by the Consultant are in the publics best interest and the services are necessary for the proper completion of the project.

**NOW, THEREFORE**, City and Consultant mutually agree that the revisions to the existing contract be made as follows:

**ARTICLE I - Scope of Services:** Consultant agrees to provide Services that shall include, but not be limited to, those described in Exhibit A, Scope of Additional Services Addendum #1, incorporated herein and made by reference a part hereof.

**ARTICLE III - Compensation for Services:** For services provided herein as delineated in the attached Exhibit B City agrees to pay Consultant on time and materials basis, with the total amount for the additional services under this addendum not to exceed \$14,618, for a total contract value not to exceed \$764,068.

All other provisions of the original agreement shall remain in effect unless otherwise described in Exhibit A.

**IN WITNESS WHEREOF**, the parties hereto have executed this Amendment to the Agreement the day and year first below written.

## EXHIBIT A

### SCOPE OF ADDITIONAL SERVICES ADDENDUM #1

#### Finalizing the HPSR/HRER/ASR

Since the original reports are over eight years and past their shelf life, Caltrans is requesting an updated consultation effort with the Native American Heritage Commission, an updated Native American consultation, and an additional field pedestrian survey and revisions to the HPSR/HRER/ASR documents.

#### Finding of Effect (FoE) and Section 4(f) No-Use Memo

Since the Druid Monument was found potentially eligible for the National Register of Historic Places (NRHP), a FoE will be necessary to resolve any adverse effects. Further, 4(f) documentation may be required according to FHWA program guidelines if significant properties are to be affected by proposed construction. Construction activities that encroach on Druid Monument will require a Section 4(f) No Use memo and FoE document. DHA will provide information for the documentation, including a detailed description of the property, construction methods and avoidance measures. Documents will be prepared in accordance with Caltrans, the City, and FHWA requirements. These supplemental tasks include the necessary coordination, review, and response to comments per the City, Caltrans, and SHPO requirements. The assumption is that no more than two rounds of comments will be needed.
